### The State of New Hampshire

To the inhabitants of the Town of Plymouth in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Music Hall, in said Plymouth on Tuesday the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see what sum of money the town will vote to raise or appropriate in addition to that required by law for the support and maintenance of the Free Public Library.
4. To see what sum of money the town will vote to raise for the repair of highways, including the oiling of streets.
5. To see what sum of money the town will vote to raise for State Aid Maintenance of highways.
6. To see what sum of money the town will vote to raise for Trunk Line Highway maintenance.
7. To see what sum of money the town will vote to raise for State Aid Highway construction.
8. To see what sum of money the town will vote to raise or appropriate to pay firemen.
9. To see what sum of money the town will vote to raise or appropriate for Memorial Day.
10. To choose a Library Trustee for the term of three years.

11. To choose a Trustee for a term of three years to have the care of Trust Funds.
12. To see what sum of money the town will vote to raise or appropriate for the construction and repair of sidewalks.
13. To see what sum of money the town will vote to raise or appropriate for defraying the expenses of the District Nurse.
14. To see what sum of money the town will vote to raise for the care and maintenance of cemeteries.
15. To see if the town will vote to authorize the selectmen to borrow money to pay the debts of the town and give notes therefor countersigned by the town treasurer, said notes to be exempt from taxation.
16. To see what sum of money the town will vote to raise for Band Concerts during the summer of 1928.
17. To see if the town will vote to authorize the Library Trustees to renew the original contract with the Young Ladies Library Association for Ninety-nine years from April 1, 1928, provided that at any time after April 1, 1931, either party to said contract by giving six months written notice of their intention so to do may cancel said contract; and provided further that the amount of compensation made in the original contract may from time to time be changed by mutual agreement, but not in any year to exceed the amount appropriated by the town for Library purposes.
18. To see what action the town will take regarding the renewing of the contract with the Plymouth Electric Light Company for lighting the streets.
19. To see what action the town will take relative to the maintenance, construction and repair of its highways and sidewalks and what rules and regulations it will adopt as to breaking out the same during the snow season and as

to the use of its tractors, snow plows and other apparatus, belonging to the town and raise or appropriate money to carry out the votes taken under this article, and to purchase such additional apparatus as the town will vote to buy.

## REPORT OF THE DISTRICT NURSE

---

To the Selectmen of Plymouth:

Here is my year's report as District Nurse for the year ending February 1, 1928, and I hope this will find its way into the printed Town Report as my last year's report, for some un-explained reason, failed to show up.

I have made 862 calls; a call is supposed to take one hour for which I receive fifty cents, but the greater part of my calls have taken considerably more time than that, but it was reckoned at fifty cents unless it ran over two hours, in which case the pay was increased accordingly.

I have returned to the town \$191.50. I put in four days at the Fair for which I received no pay. For my work in the Schools assisting the Medical Examiner, I received \$32.00, which of course, I turned over to the Town.

My work in the Schools, independent of the above, has been less this year owing to the improved sanitary conditions.

I have tried to meet every call that came to me, some of which were out of town, but the most of such calls have been paid for. There is still considerable due that the people say will be paid as soon as they are able to do so.

Respectfully,

MINNIE R. CHASE,

District Nurse.

Plymouth, N. H., February 5th, 1928.

In view of the fact that the method used in former years in the School Board's report has failed to present to the tax payers the exact amount which was recommended to be raised for school purposes because the amount required by law was indefinite, the Board has adopted the above slight change in the form of its report and recommend that \$35,184.00 be assessed by the Selectmen for school purposes, this amount including the amount required by law and the per capita tax, with authority given the School Board to appropriate the same as above, or otherwise, as necessity may require.

Money for Salaries of District Officers, Superintendent's Excess Salary and Expenses, and Medical Inspection must be raised in addition to the above under the respective articles covering these matters.

## MEDICAL EXAMINER'S REPORT

To the School Board of the Town of Plymouth:

I herewith pass in my annual report for work in the schools of Plymouth for the past year.

I have examined 594 scholars, six less than last year which I think is accounted for by there being more absent at the time that I examined the scholars.

I tried to be very careful and thorough in my examinations and I found good improvements in all the schools; most of the defects reported last year having been corrected. This applies especially to vaccination, as last year there were fifty-eight cases of unvaccinated, and this year only twenty-eight, all of whom had an excuse, and I think most of the parents are learning that there is not the danger from vaccination as has been supposed.

The eyes have been attended to and most cases of defective vision have been fitted with glasses.

Especial attention has been paid to reports sent to parents consequently the results have been good and defects corrected. This applies more to the rural schools than the Model. It was very noticeable in the Lower Intervale School when with thirty-one scholars, only two defects were found.

One thing I want to call the attention of all Superintendents, Teachers and Parents to the importance of having the health record card of each scholar follow that scholar wherever he goes, that is from one school to another in the same town or to some other town or state. We had quite a number of scholars transferred from other schools in this school district, but the record cards were left behind. This seems to me to be the business of all of the Superintendents to see that the cards are sent to the Superintendent or School Board of the town to which the pupil moved.

Thanking the Superintendents, Teachers and my Assistants for the help given me, I remain

Yours respectfully,

E. C. CHASE,  
Medical Examiner.

## SUPERINTENDENT'S REPORT

---

School Board of Plymouth,

Gentlemen:

As Superintendent of Schools I submit my seventh annual report.

The total enrollment in all our elementary grades is 487 exactly the same as a year ago. The high school has 188 instead of 202. The grand total for all our school is 675 as against 687 for a year ago.

The Model School total of 311 is significant in view of the approaching expiration of the contract with the State Normal School.

In his attempt to make the work of the school as scientific as possible, the superintendent has followed the general plan outlined in previous reports. The teachers have worked with increasing vision and the children have in general made a satisfactory record.

In the rural schools, Mrs. Everett Keniston is again teacher in the Sargent School, after a year's leave of absence and Myrtle Dodge has similarly returned to Baker River. All our rural pupils are under the direction of mature and experienced women.

Five vacancies occurred in the staff of supervising teachers of the Model School. After several years of devoted service as principal of the system and as a supervising teacher in the Junior High School, Alice Jeffords resigned her position. Muriel Nichols and Bertha McGary, respectively 3rd and 6th grade teachers, were enticed to Massachusetts schools. Illness forced the withdrawal of Lila Porter of the fifth grade and Mrs. Edith Teulon, 4th grade, gave up her position to resume housekeeping with her family.

Marian Seavey is filling with success the position of principal continuing also her supervision of the first grade, and kindergarten. Jeanette Jacques, Worcester Normal, 1927, is Mrs. Brown's colleague in Junior High. The other vacancies were filled as follows:

Helen Johnson, Boston University 1927, grade 6.

Mary Briggs, Plymouth Normal 1927, grade 5.

Margaret Buckley, Worcester Normal 1927, grade 4.

Mrs. Marion Jenness, Plymouth Normal School 1927, grade 3.

The Misses Buckley, Jacques, and Johnson, and Mrs. Brown, each possess the Bachelor's Degree. All the other supervising teachers are experienced teachers who have made substantial advance toward college graduation through summer school and extension study. The entire staff is a finely professional body conscientiously guarding the interests of Plymouth children through careful supervision, and actual teaching of from a fifth to a third of the total school time.

The superintendent is pleased to endorse the statement which Headmaster Orcutt has made about Mr. Hasseltine in his report. This young man's work as athletic coach and director of physical education has been efficient. His performance of duties as a regular high school instructor has been a signal relief in the commercial department. His influence has been strong and wholesome.

Three vacancies occurred in the high school staff. Dorothy Griggs, teacher of the English for the first two year classes, refused re-election. Irene White, history teacher, resigned to complete her college work at the State University. During the summer vacation Mrs. Verne Pierce, who had served so excellently as teacher of Latin and Mathematics, resigned to accept a position in Berlin High School.

In recruiting these vacancies only teachers with excellent recommendations were selected. The list of new appointments follows:

Effie Muchmore, North Woodstock, N. H., Plymouth Normal School 1925; University of N. H. Summer and Extension Courses, History.

Marguerite Lovering, Farmington, N. H., University of N. H., 1927, Freshman and Sophomore English.

Dolores Mutty, Old Town, Me., University of Maine 1924, Mathematics and Latin.

Irwin K. Hasseltine, Middlebury 1927, Athletics and Physical Education. Director of the Orchestra.

The work of the high school is going on well. The staff is co-operating excellently with the headmaster in conscientious and efficient administration. Your attention is called to the Headmaster's report for additional detail.

The modest report of Dr. Chase scarcely does justice to his careful discharge of duty as school physician.

The superintendent desires to testify to the fine service of Felix McCarthy as Truant Officer. He has been highly co-operative, and understandingly helpful.

Appended to this report is the list of pupils whose attendance was perfect for one or both semesters of the year ending June 30, 1927. Names of graduates are omitted this year as they have been given wide publicity in the high school catalog, in distributed programs and the Plymouth Record. While the roll of teachers is not printed it may be readily obtained at the superintendent's office.

I am pleased to express again my grateful appreciation to you and to the public for kindly consideration and co-operation.

Respectfully submitted,

GUY E. SPEARE,

Superintendent of Schools.

## HEADMASTER'S REPORT ON THE HIGH SCHOOL

---

To Superintendent G. E. Speare:

Following is the fourth in the series of reports made by the Headmaster and covers the year 1927-1928 to date:

So much of the matter usually found in these annual reports is published in the High School catalog that it seems wasteful to include it here, so the reader's attention is respectfully directed to the catalog for statistics, tabulations, roster of teachers, programs, and allied information.

## Enrollment

One hundred eighty-two different pupils were registered this year, 100 girls and 82 boys. It is gratifying to note that only one local boy has withdrawn so far this year and he to go to work. This is unusual, and seems to indicate a healthy attraction of the school for young men.

The morale is high, there is an eagerness to work, and a keen sense of ideals and aims, and an appreciation of opportunities and obligations.

## Physical Training

For several years I have advocated that a Physical Director be provided for the School. This was done last year. The wisdom of this action seems so far amply justified. It has brought skilled supervision of athletics, put them under control of the School, and increased the morale of the pupil body. So long as athletics are in charge of a versatile and skillful athlete of the type of Mr. Hasseltine, a young man of strong moral influence, they are sure to be a most salutary part of the extra-curricular activities of any school. The placing of sports in charge of a member of the teaching force has raised them to a new plane of usefulness and enjoyment. There should be a gradual lessening of stress on developing specialists for teams and an extension of effort to enlist all pupils in some form of physical training.

## The Present Year

The Class of 1927 on leaving their Alma Mater placed on the wall of the lower corridor a bronze tablet, bearing the motto of P. H. S., as their very appropriate parting gift.

The teaching staff is in general one of the best I have ever worked with; it is laboring earnestly and loyally for the best interests of the pupils, and is professionally progressive.

Extensive improvements in both the interior and exterior of the building have helped greatly to make the School a happy home for pupils and teachers to work in.

As in former years friends of the School and of Declamation contributed regular and special prizes in money to the Annual Prize Speaking.

### Organization

Many new difficulties were met at the opening in September caused by the changes necessary to meet the B. & M. timetable. Class periods last year were cut in length 10% to meet the railway schedule; this year we again had to cut the periods 10% more. A cut of teaching time of 20% in two years is nothing short of alarming, and if continued means chaos. This is as clear as any reasoning can be.

We have tried to adjust curricula, subjects and classes to the varying and individual needs of the pupils, but withal we have had to limit classes, and drop some subjects. For example, mechanical drawing was discontinued at the beginning of the year. On the other hand we have continued to carry on the fundamentals, and this has required special provision for penmanship, grammar, spelling and arithmetic.

I see no way of reducing the classes further unless we wish to abandon the idea of doing in the High School good standard work of a grade to fit pupils for post-secondary schools, and allow our School to become quickly a second or third rate institution.

### Conclusion

For the kind co-operation of parents and pupils, the loyalty and earnestness of the Staff, the scholarly and sympathetic guidance of the Superintendent of Schools, and the unselfish response of the School Board to legitimate needs, I give grateful thanks.

Respectfully submitted,

ELBERT E. ORCUTT,  
Headmaster.
